Introducing a New Way to Fundraise—Be a Virtual Golfer!

If you don't golf, don't let that stop you from joining in the fun!

Sue Jamison, Albright's Annual Fund Director,

has been a virtual golfer since she joined the Albright family in 2006. She sends out the same solicitation letter as the fundraiser golfers, asking her family, friends, co-workers and business associates to donate – and in the past 11 years has raised a total of \$17,520 without ever swinging a golf club. Virtual golfers are eligible for all of the gifts and prizes as actual golfers, and are invited to join us at the clubhouse the day of the event. Contact the Fund Development Office to sign up and you will be provided with everything you need to begin raising money for seniors-in-need.

We Challenge YOU to Beat Last Year's Golf Challenge Total!

Providing benevolent care for seniors-in-need—this is Albright's greatest challenge. Whether it is a resident who can no longer pay for housing, food and medicine or a participant who needs rental assistance to remain in the LIFE program, they need YOUR help.

Last year, you raised our LARGEST amount ever—with a final total \$126,421! This funded one third of the total dollars spent to fulfill the benevolent need in 2016—THANK YOU!

We challenge YOU to donate to our fundraiser golfers and virtual golfers, or become a generous sponsor for this fun event. Our residents and participants are counting on YOU!
